

ECOSTRIPE UTILITY MARKING PAINT

ECO FRIENDLY UTILITY, CONSTRUCTION, SURVEY, GOLF COURSE, ZONE MARKING PAINT.

ECOSTRIPE UMA water-based aerosol cans fitted with **narrow UMA (utility marking aerosol) spray tips are a perfect choice for use as a safe, economical, upside down aerosol marking paint.** Use for marking underground utilities, golf course markings, construction zones, excavation site markings, signs, identification, warnings, digging areas, flower beds, gardens, traffic line striping paint layout, survey and other sign markings.

This Eco-friendly water-based formula is available in white and 15 vibrant colors.

ECOSTRIPE UMA cans are fitted with a narrow, whipped cream type tip, that are easy to spray. **ECOSTRIPE UMA is environmentally safe, non-clogging and will not hurt, brown or kill any type of natural grass.** **ECOSTRIPE UMA** will spray sharp, bright lines that will maintain good visibility. Its performance and quality is above any water-based marking paint in its category. If your requirements are for a more durable paint, we offer DURASTRIPE UMA.

Underground facilities shall be marked in accordance with the following designated color code:

WHITE

Proposed Excavation.

PINK

Temporary Survey Markings.

RED

Electrical Power Lines, Cables, Conduit and Lighting Cables.

YELLOW

Gas, Oil, Steam, Petroleum or Gaseous Materials.

ORANGE

Communication, Alarm or Signal Lines, Cables or Conduit.

BLUE

Potable Water.

PURPLE

Reclaimed Water, Irrigation and Slurry Lines.

GREEN

Sewer and Drain Lines.
