

# ECOSTRIPE

## ECO-FRIENDLY, WATER-BASED LINE MARKING PAINT FOR ATHLETIC FIELDS, GOLF COURSES.

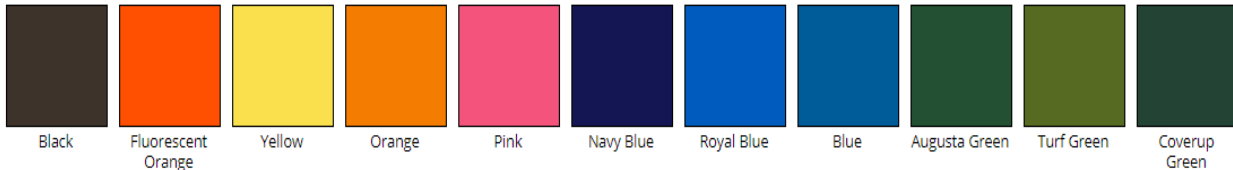

Available in white and several bright, durable colors.

**ECOSTRIPE** is designed for **safe use as permanent aerosol marking paint on all types of natural grass, synthetic turf, asphalt or concrete.**

Water-based paint to stripe lines and paint logo stencils on Football, Soccer, Baseball, Softball and Lacrosse athletic fields. Best and safest paint for marking on golf courses.

This **eco-friendly proprietary water-based formula** is available in white and 15 vibrant colors. **ECOSTRIPE** marking paint is easy to spray, **environmentally safe, non-clogging and will not hurt, turn brown or kill any type of natural grass.** Aerosol cans will spray sharp, bright lines that will maintain good visibility. It's performance and quality is above any other water-based marking paint in its category. *If a more durable paint is needed, we offer our DURASTRIPE formulation.* Our universal "T" tip fits most machines and will spray a 2 to 4-inch-wide adjustable line. **ECOSTRIPE** is also available in narrow spray pattern, cylindrical "UMA" tips.
