

# TURFDEFENDER-DISINFECTANT 44

## **EPA REGISTERED DISINFECTANT, GERM VIRUS KILLER FOR SYNTHETIC TURF ATHLETIC FIELDS.**

EPA registered, recommended **disinfectant, sanitizer, germicide, deodorizer for synthetic artificial turf athletic fields.** Concentrated effective formula. Use only 5 ounces per 5 gallons of water. **Kills 99% of germs, virus, bacteria, spores, fungus, mildew, microbes that cause diseases and infections on contaminated, uncleaned, untreated, artificial turf athletic field play surfaces.**

*Quart bottles, Gallon bottles, Five-gallon buckets.*

**DISINFECTANT 44** is a concentrated EPA registered sanitizer, virus-bacteria-spores-fungi-mildew-microbe killer, recommended for use on synthetic turf athletic sports fields. **Effective in killing odors.** Concentrated product has to be diluted by using 5 ounces per 5 gallons of water and still be effective. Dilution with hot water will improve cleaning results and reduce time and effort required. **Safe for use on synthetic turf and meets EPA registration requirements as an effective disinfectant, anti-virus, anti-bacteria, anti-mildew product on non-porous surfaces.** **DISINFECTANT 44** can be sprayed, brushed or mopped on surfaces to be sanitized. Allow to soak for a few minutes and let air dry.

- FOLLOW ALL INSTRUCTIONS CORRECTLY and STRICTLY. **This is an EPA registered product.**
- Safe for the user, environment and synthetic field turf.
