

STRIPWORKS AEROSOL

AEROSOL WAX STRIPPER REMOVES FLOOR POLISHES FINISHES FROM BASEBOARDS.

Aerosol baseboard stripper removes years of accumulated floor polishes, waxes and finishes. **Water-based, gel consistency, clings on to vertical or to textured surfaces for better surface contact for efficient removal. Use on baseboards, vinyl cove moldings of walls.**

Can also be used on shower doors, toilets and urinals to remove soap scum.

priced by the case. Twelve 20-ounce cans per case.

STRIPWORKS is easy to use, just shake can, spray and let soak. The water-based formula is comparatively safe and contains special fragrance that smells pleasant. **The gel consistency helps it clings on to vertical surfaces like baseboard other vertical substrates for it to have maximum surface area contact.** It will penetrate, loosen, lift-up, remove, strip all types of strippable floor finishes, waxes, polishes and sealers.

- Water-based, gel consistency, aerosol floor finish-sealer-wax-polish stripper.
- **Easy to use, just shake can and spray, Pleasant scented odor.**
- Spray on vertical baseboard surface, let soak, remove-strip old finish, sealer, polish.
