

ECONOSTRIPE WB

REGULAR DRY, LOW PRICE TRAFFIC LINE MARKING PAINT FOR CITY COUNTY USE.

Economically priced yet a good quality, high solids water-based traffic line marking paint. **Designed for use where dry time is not a factor but price is. Similar in no track time / dry time to Federal traffic specification TTP-1952B.** Ideal for use by traffic line striping crews to paint-line-stripe city county streets, painting roads lines, parking lot line striping where a good quality durable paint is needed but slower paint drying-track free time is not a factor.

Priced by the gallon. Packaged in 5 or 55 or 250-gallon containers.

ECONOSTRIPE is a good quality, water-based, regular dry traffic marking paint. It contains good levels of prime pigments and adequate levels of latex binder. It is targeted for use where dry time is not a factor, but the price of the paint is. It is the lowest price water-based traffic paint we offer.

ECONOSTRIPE can be used with all airless striping machines and will spray crisp, sharp lines, that are durable and bright. Safe to use on concrete, old asphalt, freshly applied asphalt or seal-coating and over old latex paints. Not for use over glossy alkyd or catalyzed paints. This formulation will not settle during shipping, storage or when in use.

ECONOSTRIPE is packaged in 5-gallon buckets with convenient tear-away lids or in 55-gallon drums or 250-gallon tote tanks.

- Regular dry water-based traffic paint. Lead free.
- Low cost, yet good quality Traffic Paint.
