

TECHLINE WB

ECONOMICALLY PRICED, FAST DRY, DURABLE TRAFFIC LINE MARKING, STRIPING PAINT.

Water-based, high solids, extremely durable, safe, fast dry traffic line marking, pavement marking paint based on federal specification approved latex. Stripe parking lot lines, street-road white-yellow traffic lanes, highway line markings, striping airport runway lines-numbers-directional arrows.

Priced by the gallon. Packaged in 5 or 55- or 250-gallon containers.

TECHLINE is a high quality, water-based, fast dry Traffic Marking Paint. It contains high levels of prime pigments and federal specification approved acrylic latex binder. **TECHLINE** pavement marking paint can be used with all airless striping machines and **will spray crisp, sharp lines, that are exceptionally durable and very bright.** Recommend for use on concrete, old asphalt, freshly applied asphalt, seal-coating, and previously applied paint. Not recommended to be applied over previously applied catalyzed glossy traffic paints. **This formulation will not settle during shipping, storage or when in use.** It is packaged in 5-gallon buckets with convenient tear-away lids or in 55-gallon drums or 250 gallon tote tanks.

- Fast Dry water-based traffic paint based on Federal specification latex binder.
- **Dries to no track extremely fast, in less than 5 minutes.**
- High levels of volume solids, high percentage of prime pigments, Low VOC.
- **Extremely Good Quality Paint with Superior Hiding, Brightness and Durability.**
- Use as permanent traffic paint on cross-walks, Roads, Streets, Highways, Airport Runways.
- Available in White, Yellow, Blue, Red and Black. Lead free.
